

# CITY OF CANTON SPRING CLEAN-UP

March 22-25, 2021

## Let's Keep Canton Beautiful!

Canton citizens may place large personal items **on the curb** for pickup at no additional charge. Be sure to place your items curbside by 8 am on Monday, March 22. Items may include:

Old furniture, domestic appliances, water heaters, swing sets, bicycles (without tires), bagged leaves, bundled limbs (under 50 lbs), or any household items. Refrigerators, freezers and air-conditioning units must have CFCs (Freon) removed by a certified technician.

Due to environmental regulations, we **CANNOT** accept or pick up: tires, flat screen TV's, batteries, paint, chemicals, construction debris, commercial garbage, or items with Freon that have not been properly serviced and red-tagged.

**NO LIQUIDS WILL BE TAKEN**

The Canton Transfer Station, 1810 VZCR 3120, will accept free disposal of your household items upon presentation of your current Canton water bill and proof of I.D. from March 22-26 from 8 am to 4 pm and on Saturday, March 27, from 8 am to Noon.

**REMEMBER:** Your weekly garbage service includes the pickup of one polycart plus three additional bags and/or bundles.

This program is a coordinated effort between the City of Canton, volunteers and Keep Canton Beautiful, an initiative of the Canton Main Street Program.
